

Club Sportsmanship Awards

Differentiate Your Club

2010 Updates!

RDYSL established the club Leadership Award and Model Club awards for the 2009 season to provide our member clubs with an incentive to improve key aspects of the game for the good of the players. The awards are focused on reducing adult and player misbehavior while improving adherence to RDYSL rules and policies while not changing the way the game of soccer should be played. The awards are intended to be difficult to achieve. Four of the thirty-four clubs in RDYSL in 2009 were recipients of the Leadership Award and one was recognized as a Model Club. RDYSL believes the award winning clubs have, by taking the actions needed to win this award, demonstrated superior qualities required to ensure a wholesome, fun environment for players and families alike. It is our sincere hope all member clubs will strive to win this award in the near future.
