Update on referee matters:

- George presented feedback from the RRU meetings. Rdysl would like more time at the meeting for an RDYSL board member to review specific topics. He will work on making that happen.
- NYSWYSA is not ready to implement its plan on coaches requesting referee Risk Management passes this year.
- If we are to have 3 man crews on all U13/14 games as planned in 2014 more referees are needed. George will send a note to the club presidents asking for their assistance in recruiting.
- George received the proposed 2014-15 (2 year) contract today from the assignors. He is also working on the referee contract. Jacky will send George a list of items where RDYSL would like to simplify the current terms.

Rhinos matters: Scott Hebert from the Rhinos organization explained the May 18 Opening Ceremony plan. Each club should let Scott know how many kid and parent tickets are needed for this game. Club nights are set for the year. Ball crews are needed. Must be U12 or older (8-12 players) for the game. Wear uniform jersey that night. See forthcoming email from Scott to various clubs for further information. Board members are needed at the stadium for June 8 and 9 games starting from 8:30m-8:30 pm.

Web matters: Mark presented a refresher on using the website for inputting data and working through examples of situations you can expect to encounter. Items discussed included: recording game scores, fines and comments (i.e. no warnings for repetitive jersey number-remind coaches to bring duct tape.); game reschedule due to weather (usually heat) or Act of God. An arbiter refresher will be emailed.

Next Board meeting: Monday, August 26 @ JCC (7-9pm)

Meeting adjourned 9:00pm
Respectfully submitted,
