## 1. RDYSL Division Review:

The board reviewed each age group and divisions. The analysis of each age group was thorough, generated good conversation, and always kept in mind the players/teams welfare. The group reached consensus on divisions. The attention to detail by all DC's was commendable.

## 2. Tom O'Neil asked Mark VanDellon for a list of teams with Roster Variances.

## 3. Mark VanDellon made several points for DC's at the end of the meeting:

- Get any agreed upon division changes to him in 48 hours. Please e-mail him. Scheduling needs to begin so it available by the March 10<sup>th</sup> coach's meeting.
- Several DC's stated they had e-mailed and the e-mail was incorrect OR the DC did not hear back from the coach. DC's should call the coach or secondary contact and make sure the email connection is straightened out prior to the season starting.
- Any DC wanting to make changes to the schedule prior to release on March 10th MUST make them and give the changes to Mark VanDellon. Remember each team has to have 6 away and 6 home games (5 and 5 if 18's or 19's). Karen May offered her services to help any of the new DC's work with the schedule for these changes.
- DC's should make any notes needed while the division creation is fresh in their mind so the August meeting where we analyze how the season went can go smoothly.

## 4. Thanks to Tom O'Neil for making the teleconference meeting happen with the inclement weather.
